

Friday 26th June 2020

Dear Parents/Carers,

I hope this letter find you and your family well. I am excited to inform you that we are eager to run a Virtual Sports Day 2020 on Wednesday 8 July. The aim is for all the children to come together (virtually at least) whether they're at home or in school and embrace the spirit of togetherness at these unusual times.

The competition will be set up as usual whereby the children will compete in a variety of physical challenges to earn points for their house. The house with the most points will be declared the winner.

The children at home will participate in activities to test their endurance, speed, balance and coordination using equipment found around the home. The activities will be shared via a link which will explain how to set up and perform each activity. This will however require help from parents to set up and keep scores. Each child will enter their name, house, year group and the number of points for each event and submit their scores.

For the children at school we will hold similar activities however these will be performed separately by each individual bubble; in line with social distancing guidelines. Similarly, all the points the children earn will go towards their house points.

The Sports Day 2020 winners will be shared on our online platforms once all the points have been added up.

Please ensure your child wears their full PE kit (Polo top, shorts and appropriate trainers) this also includes the children who are participating from home. We will share the link to the Virtual sports day document closer to the time.

Thank you in advance for your support in helping deliver this year's Virtual Sports Day 2020 on Wednesday 8 July.

Best wishes,

Mr Bennett
